About Me

I'm a third-year university student passionate about front-end development. While I have no formal work experience, I've built several web projects with classmates using HTML, CSS, JavaScript, and React. I'm eager to learn and contribute to real-world development teams.

Skills

• HTML	88%
• CSS	88%
• Bootstrap	80%
• JavaScript	78%
• C++	65%
• Photoshop	40%
• Figma	65%
• React	45%
• Node.js	75%
• Git	60%

Education

- **Bachelor of Information Technology**
*Royal University of Phnom Penh (RUPP),
Phnom Penh, Cambodia* 2022 – Present

Currently a third-year student focusing on front-end development and programming.
- **High School Diploma**
Prek Prosob High School 2019 – 2022

Completed Grade 12 with medium academic performance.
- **Secondary School**
Prek Prosob econdary School 2016 – 2019
- **Primary School**
Preah Kru Kim eam Primary School 2010 – 2016

Experience

- I've gained valuable experience through independent and team projects, developing skills in full-stack development, UI/UX design, and software development despite not having held a formal job yet.
- **Full-Stack & Web Development**
 - [KH-ACADEMY (Team Project)] – Developed a web platform using HTML, CSS, and JavaScript.
 - [IT-Grow (Team Project)] – Built a responsive website utilizing HTML, CSS, JavaScript, and Bootstrap.
 - [Boakuk (Team Project)] – Created an interactive web application with HTML, CSS, JavaScript, and API integration.
 - [EMS (Team Project)] – Worked on a full-stack application using Node.js and MySQL for backend development.
- **Software Development**
 - [Electricity & Water Bill Management (Solo Project)] – Developed a system using C++ and OOP principles to manage billing processes.
- **UI/UX Design**
 - [Foodplace (Team Project)] – Focused on UX/UI design to create a smooth and intuitive user experience.
